THE LIGHT OF GOD'S GLORY - THE EPIPHANY PROCESSION

This sequence of words and music provides the framework for a devotional service and also a wide range of choral resources for use during Epiphany.

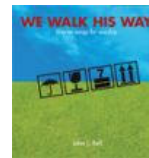

The service is conceived as a procession in which words, music, movement, symbol and ceremony play their part to help deepen our understanding of the mystery of God who, in Jesus, shares our life by taking human flesh.

The choral music is in a variety of styles and levels of difficulty for choirs of all standards and has been chosen with limited rehearsal time in mind. Congregational items include new and established Epiphany hymns and contemporary worship songs.
